

EMPOWERING LEADERSHIP

What does success in diversity, equity, and inclusion mean?

Fictive Kin Equity Lab knows it means giving the diversity leaders in your company all the resources they need to thrive.

Many companies think that having a Diversity & Inclusion Manager (or Committee) is enough. Those resources are certainly valuable, but you know you need more.

You recognize the unique position your Black, Indigenous, and People of Colour (BI&PoC) diversity leaders are in: their professional and lived experience gives them “double-expertise” in DEI.

This expertise, however, requires the right supports to be effectively leveraged. Fictive Kin’s **EMPOWERING LEADERSHIP** package is designed to do just that. Here’s how:

Group	1:1 hours	Leadership Reviews ¹	Check-ins ²	Total Investment ³

2	24	2	6	10,010

Success also means leading by example. Invest in this opportunity, and watch your company become best-in-class for DEI.
